

A Message from the Superintendent

August 2007

Dear Parents and Guardians:

I am once again delighted to extend a warm welcome to our students and their families as we begin a new school year.

Although we are a large district, serving more than 21,000 students, we strive to meet the individual needs of each student. Our quest is to ensure every student is successful and possesses the skills and knowledge necessary to succeed in a rapidly changing society.

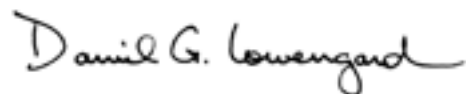

“Discovering High Achievement in All” is our theme for the upcoming year. Improving student academic achievement continues to be our top priority along with the encouragement and recognition of our students’ achievements in athletics, music, dance, drama, and the arts.

School-family-community partnerships are essential for improving our children’s achievement. We urge you to partner with us as we move forward in educating tomorrow’s leaders. Together, we can rise to meet the expectations that will ensure a quality education for all our children.

This calendar is one of many tools that will be helpful in keeping you informed. We encourage you to frequently check our website (www.syracusecityschools.com) for updates on school and student activities, important news about the District, and upcoming events.

Please accept my personal best wishes for your child’s success. I look forward to working with you during the upcoming school year.

Sincerely,

Daniel G. Lowengard
Superintendent of Schools
