Authorization for Use of
CP or AP or CL Seal

Gentlemen:

According to the latest revision of the Manual of Procedure of the Certified Products and Certified Labeling Bureau of The Art and Craft Materials Institute, Inc., the Institute has received the following:

- (1) Your request for authorization for use of the CP or AP or CL Seal on your products listed below, a signed Institute copy of the Toxicologist's Approval form, and an affidavit that fees for the Toxicologist and testing lab (if any) have been paid;
- (2) For the CP Seal, a testing lab report that the product(s) meet or exceed the requirements of the appropriate Product Standard; and
- (3) For the CL Seal, a notarized statement that the labeling requirements specified by the Toxicologist are being met.

Upon finding compliance in full with the Bureau procedures, the Institute hereby authorizes you to use the following Seal:

<u>PRODUCT</u>	<u>CERTIFICATION</u>	<u>BRAND NAME</u>	<u>COLOR</u>
Adhesives, Glue	AP	Aleene's Tacky Glue	n/a
Adhesives, Glue	AP	Aleene's Tacky Designer Glue	n/a
Adhesives, Glue	AP	Aleene's Fabric Stiffener	n/a
Adhesives, Glue	AP	Aleene's White Craft Glue/School Glue	n/a

This authorization will be for this calendar year and may be renewed upon your obtaining permission for the continued use of the Seals annually in accordance with Bureau procedures.

The use of the Seals on any other than the specifically-authorized products shall immediately result in the loss of the privilege to use the Seals on any and all items. The authority for the use of the Seals automatically terminates should any of the conditions present at the granting of the privilege change. This permission to use the Seals is neither assignable nor transferable. Since the Seals are to become Registered Certification Marks, the initials TM must appear to the bottom right of these Seals, wherever they appear.

Sincerely,

Deborah M. Fanning, CAE
Executive Vice President
