Pencil products bearing the PMA Certification Mark are certified in a program of toxicologic evaluation by a medical expert subject to review by the program's Toxicological Review Board to contain no materials in sufficient quantities to offer an acute or chronic health hazard to humans.

No acute or chronic health labeling is required under provisions of federal law, the Federal Hazardous Substances Act, or under ASTM Standard D4236, a standard for labeling art materials for chronic health hazard. Pencils are certified as non toxic under the PMA Program.
