### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**READ ENTIRE LABEL AND PAMPHLET. USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.**

ORTHO Whitefly & Mealybug Killer controls Aphids, Twospotted Spider Mites, Fuchsia Mites, Mealybugs, Scale Crawlers and Whiteflies on the plants listed. Kills by contact action.

### DIRECTIONS

#### SHAKE THOROUGHLY BEFORE USE.

**When to Apply**— Spray at first signs of insects, before infestation is heavy. Repeat as necessary. Do not apply more frequently than every 7 days. Do not apply to wilted or water stressed plants or plants that are in direct sunlight. For harder-to-control pests as noted below, 2 to 3 applications at 7 to 10 day intervals may be necessary.

**How to Apply**— Fold back protective hinged tab exposing nozzle. Snap in place on sprayer top. Hold container about 12 inches from plant and pump with the nozzle directed at the pests on both sides of the leaves. Avoid overwetting foliage. Avoid spraying blossoms as discoloration may occur.

Kills the following pests on most house plants including the examples listed below.

**Pest:** Aphids, Twospotted Spider Mites\*, Fuchsia Mite, Mealybugs\*, Scales (Crawlers) and Whiteflies\*.

\*On these harder-to-kill pests, repeat applications 1 to 2 more times at 7 to 10 day intervals after the initial treatment.
