AUSTIN S. EDGAR, INC.  
Floral Distributor  
P.O. Box 7085  
Syracuse, New York 13261-7085

00891

## MATERIAL SAFETY DATA SHEET

### SECTION I: PRODUCT IDENTIFICATION

Product Name: OASIS<sup>®</sup> FLORAL FOAMS (includes Deluxe Oasis)

### SECTION II: HAZARDOUS INGREDIENTS

Material or Component	%	Hazard Data
*Formaldehyde, C.A.S.#50-00-0	Less than 1%	TLV = 1 ppm (TWA)
*Phenol, C.A.S.#108-95-2	Less than 1%	TLV = 5 ppm (TWA)
*Chemicals marked with an * are toxic chemicals subject to Section 313 of Title III of the Superfund Amendments and Reauthorization Act (SARA) of 1986 and 40 CFR Part 372 reporting requirements.		

### SECTION III: PHYSICAL DATA

Boiling Point (°F): n/a	Specific Gravity (H <sub>2</sub> O = 1): ND
Vapor Pressure (mm Hg.): ND	Melting Point: ND
Solubility in Water: Insoluble	Vapor Density: ND
Appearance and Odor: Green solid with solvent odor.	

### SECTION IV: FIRE AND EXPLOSION DATA

Flash Point (Test Method): n/a	Flammable Limits: LEL = ND UEL = ND
Extinguishing Media: Foam, carbon dioxide or dry chemical.	
Special Fire Fighting Procedures: Firefighters should wear self-contained breathing apparatus.	
Unusual Fire/Explosion Hazards: See ** in Section IX.	

### SECTION V: HEALTH HAZARD INFORMATION

First Aid:

Eyes: Rinse immediately with water for 15 minutes. If irritation persists, consult physician.

Skin: Wash exposed area with soap and water.

Inhalation: Move victim to fresh air. Dust/vapors may cause irritation.

Ingestion: DO NOT induce vomiting. Keep respiratory passages clear.

Routes of Entry: Contact and Inhalation.

n/a = not applicable

ND = not determined

Effects of Overexposure:

Eyes: ~~DMF, NIOSH 2001-10-11~~ Contact may cause irritation.  
 Skin: Frequent or prolonged exposure may cause irritation.  
 Inhalation: ~~DMF, NIOSH 2001-10-11~~ Fumes or dust may cause irritation to respiratory tract.  
 Ingestion: Unlikely that foam product can be ingested in large amounts.  
 Target Organs: Eyes, Skin and Respiratory system

Threshold Limit Value (TLV): See Section II

Toxicity Data: ND

SECTION VI REACTIVITY DATA

Stability	Unstable		Conditions to Avoid:
	Stable	X	
Incompatibility (Materials to Avoid)	Strong acids, alkalis and oxidizers.		
Hazardous Decomposition Products	Under fire conditions, product may decompose to give off irritating fumes of carbon dioxide, carbon monoxide.		
Hazardous Polymerization	May Occur		Conditions to Avoid:
	Will Not Occur	X	

SECTION VII SPILL OR LEAK PROCEDURES

Steps to be Taken If Material Is Released or Spilled: Use method which does not create dust.

Waste Disposal Method: Landfill or any other approved method of disposal for solid waste in compliance with local, state and federal regulations.

SECTION VIII SPECIAL PROTECTION INFORMATION

Ventilation Requirements: Provide sufficient general and exhaust ventilation. Use in well ventilated areas.

Specific Personal Protection Equipment:

- Respiratory- Use only NIOSH/MSHA approved equipment if exposure is excessive.
- Eye- Safety glasses. Dust may irritate contact lenses.
- Gloves- Standard work gloves.
- Other Clothing and Equipment- Practice good personal hygiene.

SECTION IX SPECIAL PRECAUTIONS

Precautions to be Taken in Handling and Storing: Store in dry, well ventilated area.  
 \*\*Finished foam is not flammable; in that it does not burn with an open flame. It will support combustion if it is ignited by direct contact with an open flame or exposed to temperatures in the range of 600° F. If foam is placed in a microwave for an extended period, it will begin to burn. Combustion occurs at the center of the brick and due to the insulating affect of the foam can proceed unnoticed until an appreciable heat build-up occurs.
