Provision for School Closing Due to Weather Related Conditions or Other Situations

The following will apply relative to the administration of the school calendar to ensure that school closings do not cause the number of days in session for students to drop below the number required by law. The calendar allows for the use, without loss of State Aid, of six (6) school closing days.

School Closing Day Impact

- If zero (0) inclement weather days are used, then May 27, May 31 and June 1 become recess days.
- If one (1) inclement weather day is used, then May 27 and May 31 become recess days.
- If two (2) inclement weather days are used, then May 31 becomes a recess day.
- If three (3) inclement weather days are used, the school calendar remains intact, with all contingency days used as days in session. At this point, and any additional days hereafter, staff attendance may be impacted, as 184 minimum days of work may not be met. Information will be shared further in this instance.
- If four (4) inclement weather days are used, the school calendar remains intact for students.
- If five (5) inclement weather days are used, the school calendar remains intact for students.
- If six (6) inclement weather days are used, the school calendar remains intact for students.

If an emergency situation forces the Syracuse City School District schools to close more than six (6) days, school will be in session beginning with April 14, and then to April 13, 12, 11 and then April 15 (Good Friday) for each day beyond six (6) up to eleven (11). If an emergency situation forces school to be closed more than eleven (11) days, the District and the Association will meet for the purpose of discussing the calendar adjustments necessary to conform to State Law. As a result, staff are cautioned NOT to commit themselves to any irrevocable plans for the April Break in the event that any or all of these days will be required to make up for lost student days in excess of the amount provided for in this calendar.
