Important Regents Information

The NYSED is required to offer Regents exams for Algebra, Living Environment, ELA and Earth Science to students. However, the exams are not required for graduation requirements. Students can choose to take the exam if they desire, however, if the student does not take the exam and passes the course they will receive an E for exempt on their transcript. We'd like to encourage all students, especially 9th and 10th graders to take the exams. Regents will take place on June 17th, 22nd, 23rd, and 24th.

We'd like to see all kids who can take the Regents, do so.
