The Syracuse City School District requires parents or persons in parental relation to provide the following documentation when registering a child for school:

☐ A). Proof of Address (1 document required)

The Syracuse City School District requests submission of one proof of address. The item must include the name of a parent or guardian and must be dated within 30 days prior to registration.

1). A copy of a residential lease or proof of ownership of a house or condominium, such as a deed or mortgage statement; or
2). A statement signed by a third-party landlord, owner, or tenant from whom the parents or person(s) in parental relation leases or with whom they share property within the District, which may be either sworn or unsworn; or
3). Some other signed statement from a third party establishing the parent(s)' or person(s) in parental relation's physical presence within the District

PLEASE NOTE: If the documentation listed above is not available, the District will consider other documentation of residency, which may include, but will not be limited to the following:

- Pay stub
- Income tax form
- Utility or other bills
- Membership documents based on residency
- Voter registration documents
- Official driver license, learner permit, or non-driver identification;
- State or other government issued identification or documents relating to government services or benefits
- Documents issued by federal, state or local agencies (e.g. local social service agency, federal Office of Refugee Resettlement)
- Evidence of custody of the child, including, but not limited to judicial custody orders or guardianship papers

IMPORTANT NOTE: EVIDENCE OF CUSTODY OR GUARDIANSHIP

The District may also require parent(s) or persons in parental relation to provide an affidavit either:

1) indicating that they are the parent(s) with whom the child lawfully resides; or
2) indicating that they are the person(s) in parental relation to the child, over whom they have total and permanent custody and control, and describing how they obtained total and permanent custody and control, whether through guardianship or otherwise.

The District will also accept other proof, such as documentation indicating that the child resides with a sponsor with whom the child has been placed by a federal agency, if applicable.

☐ B). Proof of Age (1 document required)

1. A **certified transcript of a birth certificate** or **record of baptism**, including a certified transcript of a foreign birth certificate or certificate of baptism.

2. *If* a certified transcript of a birth certificate or record of baptism is not available, *then* the District will accept a **certified passport**, including a foreign passport, to establish the child's age.

3. *If* neither a certified transcript of a birth certificate or record of baptism, or a passport, is available, *then* the District will consider **other documentation**, including but not limited to the types in this list, provided that those documents have been in existence for two (2) years or more:

- Official driver's license for the child;
- State or other government issued identification;
- School photo identification with date of birth;
- Consulate identification card;
- Hospital or health records;
- Military dependent identification card;
- Documents issued by federal, state or local agencies (e.g. local social service agency, federal Office of Refugee Resettlement);
- Court orders or court-issued documents;
- Native American tribal documents; or
- Records from non-profit international aid agencies and voluntary organizations.

☐ C). Physical and Immunization Records

The District must obtain proof of immunization, as required by Section 2164(7) of the New York State Public Health Law, or lawful exemption from that requirement, before a student may attend school. Those requirements can also be reviewed in Board Policy 7022. Therefore, the District requires the following:

- Physical Exam Records (signed by a physician or clinical staff)
- Up-to-Date Immunizations

IMPORTANT NOTE: The District may exclude any student who has not received the required immunizations. The District requests that families provide a copy of an appointment card or letter with the appointment date(s) if the student is not up-to-date on their immunizations. The District may also exclude an enrolled student from attending school when the student has a communicable or infectious disease that imposes a significant risk of infection of others, as required by Section 906 of the New York State Education Law.

Students are allowed 14 days from the date they start school to receive the necessary immunizations before being excluded from school. Refugee students and students from out-of-state are allowed 30 days, when the district receives documentation of a Good Faith Effort (GFE) such as an appointment card or other statement from the provider's office that includes the appointment date.

D). Additional Documentation

The Syracuse City School District requests submission of the latest report card or transcripts for children entering grades 1 through 12. A current Individualized Education Program (IEP) should be submitted for all children who receive special education services. This enables the district to ensure appropriate grade level placement, and the provision of services and supports to meet the individualized needs of each child. If this information is not available at the time of registration, the district will request records from the previous school of enrollment to obtain the required documentation.

Dear Parents/Guardians of Pre-Kindergarten and Kindergarten Children:

We look forward to welcoming your child to a new school year. We are writing to remind you New York State requires each student have a physical examination upon entering school at Pre-K or K, and if they are new to the school district.

The school district does not provide physical exams. Your own family doctor should do the exam. They know your child well and can measure any changes in your child's health. If needed, they can do referrals for glasses, dentist, etc., at the same time. Enclosed is a blank form that you can ask your doctor to fill out. Please bring it to the Central Registration office when you register your child for school.

I will provide a physical exam by my own provider. Appointment is scheduled on _____.

AUTHORIZATION FOR DISCLOSURE OF HEALTH INFORMATION TO SCHOOLS

Student Name: _____ DOB: _____ Date: _____

As the parent/guardian of the child named, the completion of this form authorizes your doctor, _____ to disclose your child's confidential health-related information to his or her school.
(name of MD)
The purpose for disclosing this information is to promote the accurate exchange of health information and for the coordination of care and treatment with the child's school. This is important information for many reasons. For example the school may need to know this information in order to give medications, monitor the child's illness, and keep track of immunizations.

This authorization limits the disclosure of information to the following:

- ☐ Immunization information
- ☐ Physical exam reports
- ☐ Laboratory tests
- ☐ Medications and treatments

This authorization form does not allow the disclosure of confidential health information that is given special protection under the law. This includes HIV-related information, substance abuse information, psychiatric information and genetic information; the disclosure of this information requires a different specific form.

The information will be disclosed to the school in the school district indicated below until you tell us that the child is no longer an enrolled student at the school. You may revoke this authorization at any time by notifying the child's healthcare provider in writing. Revoking this authorization means that we will no longer disclose the child's information to their school. The child's healthcare will not be affected if you do not authorize us to disclose their information to the school. In other words, we will not refuse your child treatment if you do not sign this authorization. The information we disclose to the school may be redisclosed to others by the school if the school is not required under law to protect the confidentiality of this information. You will be given a copy of this completed authorization to keep for your records.

Parent/Guardian: New York State law (Chapter 281) permits schools to request a dental examination in the following grades: school entry, K, 2, 4, 7, & 10. Please complete Section 1 and **take this form to your dentist for an assessment**. If your child had a dental check-up before he/she started the school, ask your dentist to fill out Section 2. Return the completed form to the school's medical director or school nurse as soon as possible.

I understand that by signing this form I am consenting for the child named above to receive a basic oral health assessment. I understand this assessment is only a limited means of evaluation to assess the student's dental health, and I would need to secure the services of a dentist in order for my child to receive a complete dental examination with x-rays if necessary to maintain good oral health.

I also understand that receiving this preliminary oral health assessment does not establish any new, ongoing or continuing doctor-patient relationship. Further, I will not hold the dentist or those performing this assessment responsible for the consequences or results should I choose NOT to follow the recommendations listed below.
