

Meal Service

Welcome Back!

Starting October 5, 2020: This year will look different for Food and Nutrition Services. We have developed a meal service plan that takes into account the safety of every child and is tailored to specific students and school needs. As a result, student dining experience will vary across the district. Deep cleaning and sanitation, social distancing and utilization of new technologies such as student id scanning and online meal registry will be incorporated. Please visit the Meal Pick-Up page often on syracusecityschools.com/coronavirus for updates.

In-Person Days

How will my child safely receive meals on in-person learning days?

PK-8 & ELEMENTARY

Students will receive breakfast in classroom and lunch pick up through the café line to be eaten in classrooms. All PK and special education students will receive breakfast and lunch in the classroom.

MIDDLE & HIGH SCHOOL

Students will receive a Grab-&Go breakfast to eat in school buildings in designated spaces and a Grab-&Go lunch will be provided at dismissal to be eaten at home.

Remote Days

How and where do we get meals on remote learning days?

GRAB-&-GO MEAL PACKS

On virtual learning days, all students or designee may pick up a one day Grab-&-Go meal pack at any of the locations listed on the reverse during designated times. Each meal pack will contain a breakfast and lunch. Bulk meal pick up (*more than 3*) require bulk meal pick up forms to be completed.

Grab-&-Go locations will be open daily for meal pick-ups at a building entrance for students to easily access and take home. 100% virtual learning students may also utilize any of the meal pick up sites daily or as needed.

Do you need meals delivered?

Visit scsd.co1.qualtrics.com/jfe/form/SV_7ZABmOsNldYI91j

Food allergies?

Call (315) 435-4207 to register a school building as your pick-up site to ensure a specialized meal kit is available.

Other Questions & Concerns?
