

# Strengthening Student Data Privacy

## Here's what parents need to know.

### Ed Law 2-D Regulations (Part 121)

#### Protecting Personally Identifiable Information in New York's Educational Agencies\*

In January 2019, the New York State Education Department (NYSED) proposed regulatory changes to increase information security and privacy measures to safeguard the **Personally Identifiable Information (PII)\*\*** of students and school personnel. **The public comment period is open from January 30 to March 1, 2019.**

#### Data Collection Transparency and Restrictions

Educational agencies must minimize the disclosure of PII for any purpose by managing contractual relationships to ensure compliance with regulations.

#### Parent's Bill of Rights for Data Privacy and Security

Each educational agency must publish a parent's bill of rights on its website and include it in every contract with a third-party contractor that receives PII.

#### Data Privacy and Security Standards

NYSED adopted the NIST Cybersecurity Framework as the standard for data privacy and security. All educational agencies must meet this national standard to ensure they are adequately protecting student data.

#### Complaints of Breach /Unauthorized Release of PII

Parents and eligible students have a right to file complaints about possible breaches or unauthorized releases of student data. Educational agencies must establish procedures to address complaints.

#### Reports and Notifications of Breach and Unauthorized Release

Educational agencies must report breaches to NYSED's Chief Privacy Officer, and notify affected parents and/or eligible students.

#### Data Protection Officer

Educational agencies must appoint a Data Protection Officer with appropriate knowledge, training, and experience to oversee data security and privacy.

#### Data Security and Privacy Policy

Educational agencies must adopt a Data Security and Privacy Policy by December 31, 2019 and publish it on their website.

#### Training for Educational Agency Employees

Employees of educational agencies that handle PII must complete annual training on the laws and requirements necessary to protect sensitive data.

#### Third Party Contractors

Third party contractors must submit a Data Security and Privacy Plan for each contract to demonstrate how they will protect PII. NYSED's Chief Privacy Officer may impose penalties on contractors for breaches.

#### Access to Records

Parents and eligible students have a right to inspect and review student education records as provided in federal law.
