The SCSD Elementary Summer Program will provide a safe, structured environment that will keep your child actively engaged in learning. The program will run July 9 through August 3, 2018. Students will be provided access to high quality summer learning opportunities. These opportunities will allow students to practice and reinforce what they learned in English Language Arts, mathematics and science during the school year.

Transportation will be provided for students who qualify and live 1.5 miles or more from the summer school site.

Note: the District reserves the right to modify these sites based on enrollment. Families will be notified of all changes.

The Middle School Summer Program offers current 6th, 7th, and 8th grade students the opportunity to further develop math and literacy skills. The program runs July 9 through August 3, 2018. This program will incorporate the Open Up Resources Program to engage students in mathematical thinking to prepare them for high school. The American Reading Summer Semester program will be used to provide students with literacy instruction.

Transportation will be provided for students who qualify and live 1.5 miles or more from the summer school site.

Note: the District reserves the right to modify these sites based on enrollment. Families will be notified of all changes.

**Building Men Program: Paper applications will be provided to those students who are currently enrolled in the program.*
