

If You Need Support!

We're just a Facebook page away!

Extended school break...

As most of you know, we will be closing school on Friday March 20, 2020 and remain closed until Tuesday April 14, 2020. This closing is an effort to limit exposure and prevent the spreading of the Coronavirus. This closure can bring on a lot of things; excitement to get an extended break, confusion, fear, anxiety, etc. We would like to invite any of you who need some support to reach out to us through our school Facebook page. To the right is a scan code that will bring you right to the page, or you can search "Santiago Snyder" on Facebook and look for the profile picture to the right! We will be available for open discussions with others, private messages and even FB Live if needed. This is our best effort to continue to support all of you during this time. In addition to Facebook, you can also email us: nsantiago@scsd.us or ssnyder@scsd.us

Scan with your QR Reader to access Facebook page!

Social Distancing

Please be aware that we should ALL be practicing social distancing; this means that this school break is not like normal school breaks or snow days. We should be very cautious of where we go and limit our adventures out – no malls, large crowds, etc. The only way to stop the spread of the Coronavirus is to STAY AWAY and STAY AWARE!

Look for this profile picture and send friend request!
