INTRODUCTION

A Letter from the Superintendent

April 19, 2023

Dear Commissioners of Education,

In developing our 2023-2024 General Fund Budget, our priority remains ensuring that the needs of our students and staff are met – while also looking ahead and prioritizing areas that will help our students and our district advance.

The District will continue to benefit from federal stimulus funding in the 2023-24 school year, which will be expended within the guidelines set forth in the American Rescue Plan Act of 2021 (ARPA). This funding will be allotted in a way that best supports our district now, and that will set us up to continue our most critical initiatives in the future when this funding expires.

We continue to align our work to our Strategic Plan, which is being refreshed to reflect both short-term and long-term success. Specifically, this budget includes the following priorities:

- 1. Engaging our families and communities:** Strong school communities engender strong students, lead to academic success, and prepare children for active citizenship and successful careers. We continue to engage the public in the budget process through their participation in the District-Wide Balancing Act initiative. Our school buildings are also key to engagement, with seven schools involved in their third year of Participatory Budgeting, and our high schools having incorporated participatory budgeting into the civics course curriculum for a second year.
- 2. Embedding culturally responsive practices in all that we do:** We strive to bridge the gap between what students learn from their studies in the classroom with their experiences in the community. Our day-to-day interactions will encourage and embrace the wonderful diversity of our school communities.
- 3. Providing dynamic, rigorous curriculum and instruction:** We are incorporating personalized project-based learning at every grade level to ensure our students will graduate well prepared for a successful transition into higher education, careers, and active citizenship. These initiatives span all grade levels, from an Early Literacy Initiative for our youngest learners to expanding our Career and Technical Education (CTE) Programs for high school students. We will continue to enhance school-based programming such as AVID, International Baccalaureate, Montessori, Dual Language, Expeditionary Learning, and STEAM initiatives. Additionally, we will continue to provide intensive ELA and mathematics supports, early literacy, project-based learning, and extensive summer school programs to ensure acceleration and enrichment opportunities for all students.

4. Recruiting, developing, supporting, and retaining the most effective diverse staff: Our staff are instrumental in the growth and success of our children. We are strengthening partnerships with teacher prep programs, investing in high-quality professional development, and continuing a CTE pathway for urban teachers to grow our own future teachers and leaders, so that one day our SCSD graduates will be the leaders in our schools and classrooms. Our instructional staff continue to demonstrate their immense passion and integrity and I pledge to honor their hard work with focused professional development and embedded classroom supports.

5. Enhancing social-emotional and mental health supports: We have added school counselors, social workers, social worker assistants, and parent aides in the Office of Family Engagement, as well as school teams to monitor attendance and behavior, and health attendants to support school nurses. We have established additional partnerships with community-based organizations to build relationships and foster connections that support our students while in school and within our community. The District has established a multi-tiered system of support to ensure universal supports for Social Emotional Learning (SEL) and will continue to utilize a consistent SEL curriculum.

6. Safety and security of children and staff is paramount: We are implementing initiatives that will increase and improve the safety and security in our buildings. We will continue providing transportation to all K-8 students beyond one mile. Each school building is equipped with personal protective equipment for students and staff, air purifiers in classrooms, additional sanitizing tools, and trifold desktop partitions. In addition, our Health Services Department continues efforts to ensure that our medical professionals have the resources needed.

State Aid is projected to increase by \$42.5 million over the current year budget, primarily as a result of the phase-in plan to fully fund Foundation Aid. The final state budget has yet to be released at the time of this letter but we anticipate minimal changes to education funding and budget bills and no formulaic changes to State Aid. This budget is balanced without any use of Fund Balance, allowing for its use in the coming years when the federal stimulus funding expires.

The Board of Education's financial and educational stewardship has allowed the District to continue to provide high-quality educational opportunities to all students throughout the various phases of this pandemic. Together, we can continue **Building Our Future – Stronger Together**.

Sincerely,

Anthony Q. Davis

Superintendent of Schools

Board of Education

PURPOSE OF THE BOARD OF EDUCATION

The role of the Board of Education is to adopt policies, rules, and bylaws in order to best meet the statutory responsibilities of the Syracuse City School District, while securing the best educational outcomes for students. The seven-member Board is elected by the residents of the City of Syracuse and derives its authority from Article XI of the New York State Constitution. Commissioners serve four-year terms.

Montessori at LeMoyne

MISSION

In a carefully prepared environment, The Montessori School at LeMoyne will nurture the child's intellectual, social and emotional development by applying the philosophy and methods of Maria Montessori.

Students will:

- Collaborate and learn with others in multi-age classrooms
- Explore the curriculum using hands-on, self-correcting materials
- Exercise Freedom of choice to develop self-discipline, confidence and intrinsic motivation
- Practice social responsibility and self-awareness to contribute to a positive, peaceful climate and culture

Our school will partner with families and the community to promote peace and social responsibility.

Salem Hyde Elementary School

MISSION

Our mission at Salem Hyde, a progressive elementary school where all members work together to learn and care about each other, is to ensure that all children apply academic and life-enriching skills as they become life-long learners and responsible citizens. This is accomplished through a commitment to high standards and by providing a culture of learning in a nurturing, inclusive, diverse setting, supported by a community of caring philosophy.

STEAM at Dr. King Elementary School

MISSION

We believe that education is the lifeline in growing our students to become the leaders of tomorrow. We will achieve our vision by doing the following:

- Creating and maintaining a positive and nurturing environment where students feel loved, seen, valued, heard, supported, appreciated, celebrated and respected
- Engaging students in relevant and meaningful learning opportunities
- Empower students to use their voice by giving them multiple opportunities to answer and ask questions and to dialogue with their peers
- Providing learning opportunities that are hands-on, require students to investigate and solve problems, and require students to take ownership of their learning

Brighton Academy

MISSION

Brighton Academy is a collaborative and compassionate community that encourages academic and personal growth through perseverance, respect, integrity, dedication and excellence. Brighton Academy is implementing the Expeditionary Learning (EL) school model, where students work on developing character as well as intellect and learn by conducting "learning expeditions" rather than by sitting in a classroom being taught one subject at a time.

EDUCATIONAL OFFERINGS

At Brighton Academy, students benefit from a personalized, yet academically rigorous atmosphere. Curriculum is organized into interdisciplinary "expeditions" and teachers often use the greater Syracuse community as their classroom. Brighton Academy teachers work daily with small groups of students, called CREWs, to help students build strong relationships with each other and to actively engage in the school experience.

Lincoln Middle School

MISSION

Lincoln Middle School is a community where students are engaged and encouraged to meet high expectations through strong positive connections that support student growth. We recognize each child as an individual with varying ability levels and learning styles. We consist of stakeholders who will lead and actively participate in creating an academically challenging and emotionally safe environment that promotes collaboration, honors diversity, celebrates progress and prepares our scholars to be active life-long learners in their pursuit of higher education and career readiness.

Budget History at a Glance

GENERAL FUND REVENUE

GENERAL FUND REVENUE

General Fund Revenue is the amount of funding received from external agencies. The District's primary sources of revenue are State Aid and Local Property Taxes.

GENERAL FUND EXPENSES AND ENROLLMENT

GENERAL FUND EXPENSES

General Fund Expenses are the day to day costs of running our schools and programs. These include costs for salaries and benefits, transportation, professional services, instructional supplies, Charter School tuition and other miscellaneous expenses.

ENROLLMENT

Enrollment is total K-12 student enrollment at Syracuse City School District-operated schools.

STAFFING (4,446 FTES - ALL FUNDS)

STAFFING

Full-Time Equivalent (FTE) positions are the number of positions in the District. Most positions are 1.0 FTEs and include both school building and support staff.

CHARTER SCHOOL TUITION AND ENROLLMENT

CHARTER SCHOOL TUITION

Charter School Tuition is the amount of money the Syracuse City School District pays to Charter Schools for students who are City residents and are enrolled in Charter Schools. The State provides State Aid for these students to the District to help offset the supplemental increases to the Charter tuition rate paid.

CHARTER SCHOOL ENROLLMENT

Charter School Enrollment has increased by more than 30% in the past five years. The existing schools continue to expand and enroll additional students based on maximum allowed capacity. Currently 11% of City students attend Charter Schools.

Budget Development Process

OVERVIEW

The District's annual General Fund budget development process has three phases: Rollover Budget, Proposed Budget, and Adopted Budget

ROLLOVER BUDGET

The General Fund budget process begins in November with projecting enrollment for the next school year and a "rollover estimate" for revenues and expenditures. The "rollover estimate" forecasts what the budget would be for next year if we continue operating exactly the same way as we are in the current year. It includes adjustments to current expenditures for known or estimated contractual wage increases, inflationary or CPI changes, healthcare claims projections and any other known changes to current revenue and expenditures.

PROPOSED BUDGET

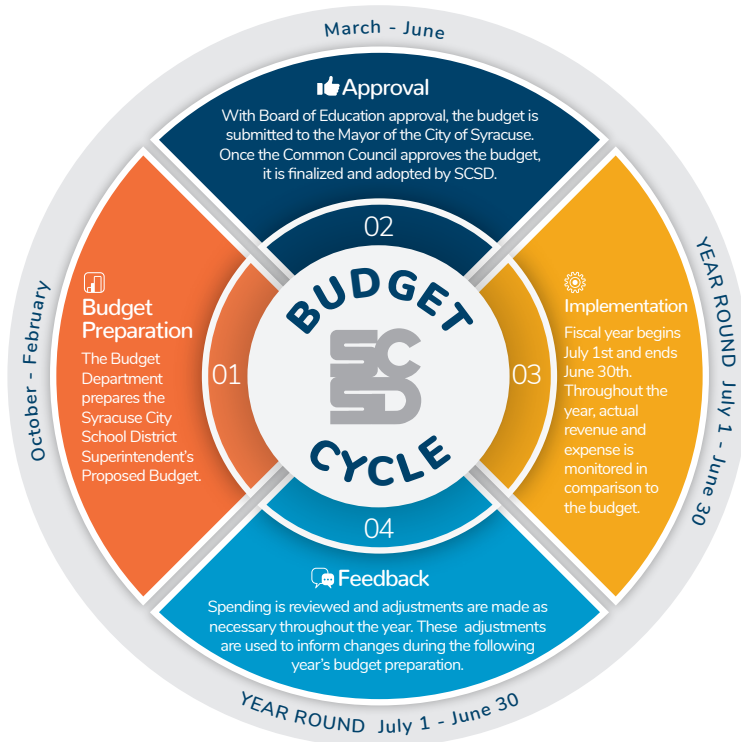

Expenditures: Using the Rollover Budget as a starting point, each department submits requests to the Superintendent for programmatic and operational changes for next year's budget. Changes may include reductions to current programming or proposals for new programmatic initiatives or operational expenditures. Each request includes a detailed cost estimate that is then reviewed by the Superintendent for potential inclusion in the Proposed Budget based on alignment with the District's strategic plan and funding availability.

Revenue: The Proposed Budget incorporates the estimated amount of State Aid included in the preliminary Governor's Executive Budget and assumes that tax levy revenue will remain the same as the current year. Any additional changes to revenue sources that were not previously identified during the rollover phase are also included.

Based on the estimated amount of General Fund revenue and the cost of approved programmatic and operating expenditures, the District identifies which initiatives can be supported through available grant funding opportunities and which initiatives will be included in the General Fund's operating budget. When not all approved programming can be funded through available revenue sources, the District may consider using a portion of the available fund balance to support these initiatives.

ADOPTED BUDGET

The Proposed Budget is then updated in April to incorporate the District's final State Aid funding amount as approved in the State's annual budget released on or about March 31st and the final tax levy funding amount as determined by the City of Syracuse on or about April 1st. Changes to the original cost estimates included in the Proposed Budget and changes to programmatic initiatives based on the final amount of funding received may also be made at this time to finalize the Adopted Budget. After approval by the Board of Education, the Adopted Budget is submitted to the City of Syracuse for inclusion in the City's annual operating budget and for approval by the City's Common Council.

AMENDED GENERAL FUND REVENUE

Glossary of Terms and Notes

The categorization of accounts is prescribed by the State Comptroller in the Uniform System of Accounts for School Districts.

Tax Levy Revenue:

The City of Syracuse determines the tax levy for the District annually on or about April 1st. An estimated amount based on the current year's levy is used for the Proposed Budget. The estimated amount used in the Proposed Budget is then updated to the final amount in the Adopted Budget based on the City's approved tax levy.

STAR Revenue:

New York State's School Tax Relief (STAR) program offers property tax relief to eligible New York State homeowners. In lieu of the City of Syracuse collecting this portion of school taxes from property owners, the City receives payment from the State for the tax revenue that was not received directly from property owners.

PILOT Revenue:

To stimulate economic development and growth, the Onondaga County Industrial Development Agency (OCIDA) offers property tax abatement to companies that are expanding in Onondaga County through the use of Payments in Lieu of Taxes (PILOT) agreements. The District receives a share of these PILOT payments from OCIDA for those properties located within the City of Syracuse.

Sales Tax Revenue:

School districts within Onondaga County receive a portion of the sales tax revenue collected by Onondaga County. Under the current inter-municipal agreement, school districts in the County receive approximately 0.7% of the total sales tax revenue collected. Each district's proportionate share of the 0.7% of sales tax collection revenue is based on average daily attendance during the previous school year.

General State Aid:

Over 80% of all revenue received by the District is State Aid. State Aid is made up of Foundation Aid including the Community Schools Set Aside, expense reimbursement aids such as transportation aid, building aid, and private and high-cost excess cost aid for services provided to students with special needs, as well as formulary, per-pupil allocations for the purchase of textbooks, library materials and computer hardware and software expenditures. The District also receives charter school transitional aid and supplemental tuition aid to partially offset some of the tuition paid to charter schools. The amount used for the Proposed Budget is based on the preliminary Governor's Executive Budget and will be updated in the Adopted Budget to the amount in the State's final approved budget released annually on or about March 31st.

Federal Funding:

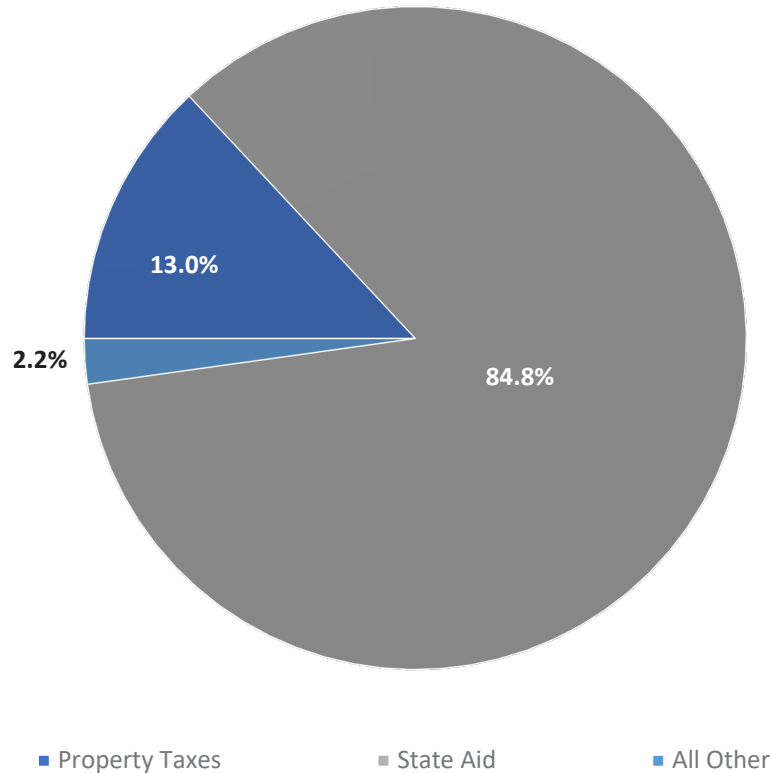

Federal funding includes E-Rate funding, which provides support for schools and libraries to obtain affordable connectivity and broadband, Medicaid revenue for eligible services provided to students, Impact Aid, which reimburses the District for property taxes not collected on low-income housing properties in the District, and Medicare Part D retiree drug subsidy funding.

Other Miscellaneous Revenue:

This category includes interfund revenue received from grant funded programs and the food service program to help support the costs of shared general and administrative services such as payroll processing, utilities and maintenance as well as a wide range of smaller dollar revenue streams such as health services provided for students from other districts, earnings on investments, school building use permits, sales of scrap and obsolete equipment, and gifts and donations.

AMENDED GENERAL FUND EXPENDITURES

Glossary of Terms and Notes

The categorization of accounts is prescribed by the State Comptroller in the Uniform System of Accounts for School Districts.

Salaries and Wages:

Expenditures for wages, extensions of service, overtime, stipends, and other forms of compensation paid to employees.

Equipment:

Expenditures for equipment, computers, furniture, athletic apparatus, maintenance equipment, and similar items, whether procured for instructional or non-instructional purposes. Items must exceed \$5,000 per unit.

Professional Services:

Expenditures for services rendered by third parties such as contracted business services, legal, auditing, transportation, leases, payments for judgments and claims, and event fees for officials and referees. Travel expenditures and all costs associated with conferences and workshops are also included in this category.

Supplies:

Expenditures for procurement of supplies and materials, textbooks, library books and media, health supplies, maintenance parts, office supplies and similar items, whether obtained for instructional or non-instructional purposes. Items are generally consumable products. Also within this category are expenditures such as certain computers, printers, projectors, and maintenance equipment under \$5,000 per unit.

Employee Benefits:

Expenditures for employee benefits associated with salaries and wages may include retirement (New York State Teachers' Retirement System and New York State and Local Employees' Retirement System), Social Security, Medicare, workers' compensation, unemployment and health, dental, and vision insurance.

Interfund:

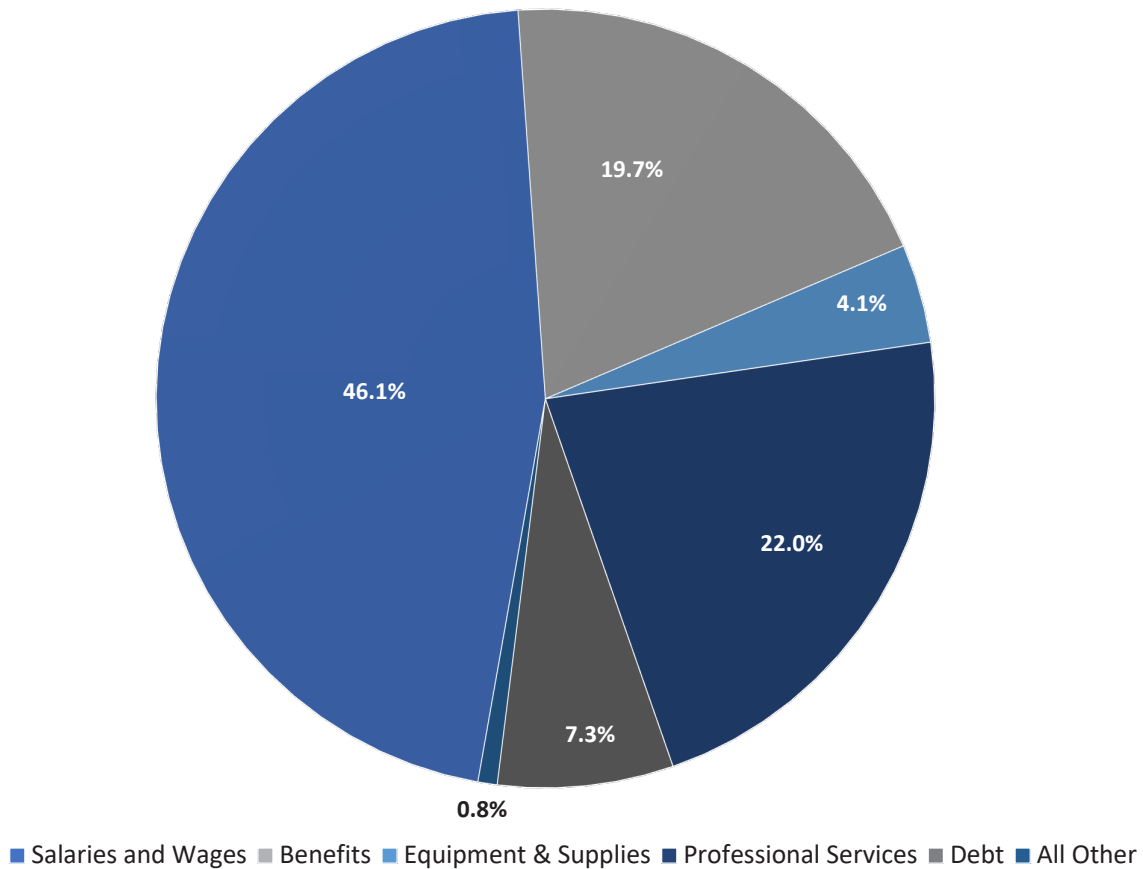

Permanent transfers of amounts from one District fund to another to provide financing for activities and expenses. Examples of Interfund transfers would include the general fund providing a transfer for capital projects costs to the Capital Projects Fund and funding the local share of grant programs that aren't fully supported by the federal or state grant awards.

Full-Time Equivalent:

A full-time equivalent (also known as an FTE) is a statistical budgeting tool that is a unit of measurement. Often an FTE equates to an individual position. However, it is also used to identify positions that may not be full-time (for example, a half-time Office Assistant might be 0.5 FTE).

Notice of Non-Discrimination

The Syracuse City School District hereby advises students, parents, employees and the general public that it is committed to providing equal access to all categories of employment, programs and educational opportunities, including career and technical education opportunities, regardless of actual or perceived race, color, national origin, Native American ancestry/ethnicity, creed or religion, marital status, sex, sexual orientation, age, gender identity or expression, disability or any other legally protected category under federal, state or local law.

Inquiries regarding the District's non-discrimination policies should be directed to:

Civil Rights Compliance Officer
Syracuse City School District
