Thank you for your interest in the High School Choice and Transfer Programs. Please be sure to complete each section, sign and return to your child's school counselor. Section 1 = High School Choice, Section 2 = High School Transfer Requests, Section 3 = Feeder School Option and Section 4 = Signature, Permission and Consent. *You are required to complete the Parent Permission section in order for us to submit the High School Choice and Transfer application for your child.*

#### SECTION 1: CAREER AND TECHNICAL EDUCATION (CTE) AND PTECH PROGRAM SELECTION

Please select the program(s) that your child is interested in and rank your choices 1 and 2.

**Important Note:** *To be considered for enrollment in a high school program or school of interest for the upcoming school year, families must complete the High School Choice and Transfer Application and return it to the student's middle school counselor by the designated deadline. Students will be entered into a lottery process, which determines placement into their selected program or school. Completion of the application is required for lottery eligibility. Please note that being entered into the lottery does not guarantee placement—students must be selected through the lottery to be enrolled in their program or school of interest. If you or your child need help identifying programs that align with their interests, both the middle school counselors and the Career and Technical Education (CTE) District Team are available to provide guidance and support.*

*Students entering grades 9, 10 and 11 only*

If you are interested in submitting a request for your child to attend Corcoran, Henninger or Nottingham High Schools, your child must meet at least one of the transfer criteria listed below. The criteria are listed in order of priority. This means that home school and sibling requests have a higher ranking in the lottery system than sibling only and home school only:

- 1. Home School and Sibling:** Select this transfer option if you are requesting a transfer to your home school (the school identified as your neighborhood school based on your address) and you have another child who attends this school, who resides in the same home as the applicant, and who will be enrolled in the new school next school year. Please visit [www.syracusecityschools.com/registration](http://www.syracusecityschools.com/registration) and click on the Street Directory link to identify your home school using your current address.
- 2. Sibling Only:** Select this option if you are requesting a transfer to join a child who attends your school of choice, who resides in the same home as the applicant, and who will be enrolled in the new school next school year.
- 3. Home School Only:** Select this option if you are requesting a transfer to your home school (the school identified as your neighborhood school based on your address). Please visit [www.syracusecityschools.com/registration](http://www.syracusecityschools.com/registration) and click on the Street Directory link to identify your home school using your current address.
- 4. West:** Select this option if your child attends Frazer or Syracuse STEM, or attends ELMS, Elmcrest, Grant, McCarthy, or Syracuse Latin and you live in the West Quadrant (on the westside of the City).

\*Select Criteria (Place an X over the option that applies to you):
