# summer RECHARGE

Catch Up, Get Ahead, Try Something New!

**Academics, Language, Sports, Art, Math & More!**

## Summer has arrived and SCSD has something for every child looking to recharge their summer and get ahead or try some exciting programming. Ask your school for an application today!

This summer, when you register your child for Summer Programming at any site, they will have access to full-day programming. Mornings include the opportunity to build math and reading skills and participate in physical fitness; afternoons have a variety of exciting enrichment activities. See the following pages for each site's schedule. At high schools, students can engage in credit recovery, the arts, esports, or a storytelling camp!

Visit [www.syracusecityschools.com/summer](http://www.syracusecityschools.com/summer) for the most up to date information and for Summer Meal Locations.

## How do I register my child for Summer Programming?

Your child should receive an application from their school or in the mail. After you have the application, **fill it out and send it back to the school or follow the steps on the application** to apply.

If you have not received one, contact your child's school main office or guidance office to have one sent home with your child. Some of the programs have applications which you can print at [www.syracusecityschools.com/summer](http://www.syracusecityschools.com/summer) and turn into your school's main office.
