ARTICULATION AGREEMENT

2024 - 2029

The purpose of this articulation agreement is to develop an ongoing relationship between Mohawk Valley Community College (MVCC) and Syracuse City School District (SCSD), enabling each of these institutions to better serve their communal students. The relevant faculties of MVCC and SCSD subscribe to the following memorandum of understanding based on their mutual concern for providing applied programs that will build upon past student experiences and eliminate unnecessary duplication of instruction.

It is agreed, subject to the following conditions, that MVCC will grant 3-college credit hours for ET101 Technical Electricity 1, 4-college credit hours for ET108 Refrigeration 1, 3-college credits for ET123 Proper Refrigerant Usage, 5-college credits for ET209 Refrigeration 2, and 4-college credits for ET220 Air Conditioning Principles, for all students who complete the HVACR Clean Energy CTE program at SCSD. *(Note: This agreement is valid for up to 1-year post SCSD graduation).*

To receive college credit for ET101, ET108, ET123, ET209, and ET220, the SCSD HVACR Clean Energy CTE graduates must meet the following criteria:

1. Achieved a minimum cumulative average of 85 during their SCSD secondary school experience.
2. Complete the SCSD HVACR Clean Energy CTE pathway.

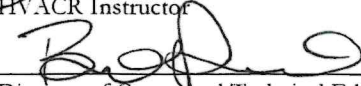

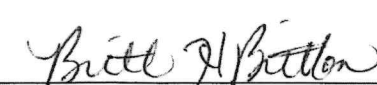

Process for granting credit owed:

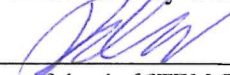

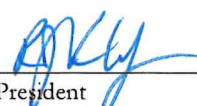

1. Students will arrange a meeting with the Dean of STEM Career upon entrance into MVCC. At the meeting, students will provide documentation supporting their attainment of the above criteria.
2. The Dean or designee will verify that the student meets the criteria identified above.
3. Upon verification of the student's fulfillment of the criteria, the Dean will communicate with MVCC's Registrar to authorize the granting of transfer credit for ET101, ET108, ET123, ET209, and ET220 .

This agreement is effective for 5-years subsequent to the completion of the signing process unless either party has significant changes in the program. SCSD may terminate the Agreement upon ninety (90) days written notice to MVCC. The College reserves the right to make final determination concerning all college credit awarded. This Agreement incorporates all provisions of the Data Privacy Plan and Parents' Bill of Rights for Data Security and Privacy executed by MVCC.
