

ITC

**Do you like
taking things
apart, studying
them, and
putting them
back together
for fun? Do you
like to tinker
with things?**

The Electrical
Technology
Pathway may
be for you!

Electrical Technology (P-TECH)

The program is oriented for students to learn to construct, test, analyze, troubleshoot and repair systems and sub-systems reflective of modern technology using real-world engineering tools and the technologies of today.

Career Opportunities (Per Year)

- Electronics Assembler - \$40,276
- Electronics Engineer - \$88,896
- Semiconductor Processing Technician - \$51,319
- Test Technician - \$52,688
