

ESF Summer Science Corps

State University of New York College of
Environmental Science and Forestry

Olivia Whitmarsh – K-12 Outreach

ESF Summer Science Corps offers activities emphasizing environmental stewardship, field and lab work, innovative research, and community-building to local K-12 students. During the summer, ESF student employees work under the direction of the K-12 Outreach unit and manage these programs and provide opportunities for mentorship and practicing educational pedagogy.

What You'll Learn / Do

- Support ESF students and employees in running environmental education activities for middle and high school students
- Observe classroom management styles
- Practice informal education techniques

Tentative Time / Schedule

Week of July 27-31 from 8:30am – 2:30pm

Students: 2-3

Ideal CTE Programs

Natural Resources

Urban Teacher Preparation
