

Accessible Educational Media

State University of New York College of
Environmental Science and Forestry

Erika Blair - Teaching & Learning Center

Media, especially educational media, needs to be accessible to as broad a range of people as possible. Learning how to make documents and educational media accessible from the start ensures that it becomes the norm, and increases the inclusivity of our knowledge. Come learn how to make educational media accessible and exciting.

What You'll Learn / Do

- Practice video editing for educational presentations
- Learn about accessibility in a variety of document types and the common mistakes
- Learn how accessibility and education come together to enhance inclusivity

Tentative Time / Schedule

July & August; Flexible Mon-Thursday;
~10 hours/week

Students: 1-2

Ideal CTE Programs

Creative Expression and Design

Media Communications
