

# THE WEBSTER WEEKLY

TEACHERS BUILDING SUCCESSFUL STUDENTS ONE DAY AT A TIME

## COSTA'S LEVELS OF THINKING

*Practice: Inquiring minds want to know...*

People just want to know more. Videos can help students organize what to do and connect a name with each level. Students will be able to identify the three levels of inquiry after viewing videos you have selected from the newsletter or your own selection to teach Costa's Levels of Questioning.

Now...students, show us what you know! Level 1 questioning is...and can be...Level 2 questioning needs more....Level 3 questioning is where you make a....to your life or use the....in a...The more students ask questions, the more questions they will think of asking!
