The Self-Study Process

The self-study is an important step in the career and technical education approval process and provides for an in-depth evaluation of the program of study. Its purpose is to bring together primarily internal stakeholders to review the CTE program and propose relevant modifications.

[NYSED Self-Study Process](#)

Program Information

The EMT program is designed to help students gain the knowledge, skills, and attitudes necessary to become a competent, productive, and valuable member of the emergency medical services team.

The role of the EMT has developed from providing basic first aid to serving as a provider of on-scene medical services.

EMTs conduct basic, non-invasive interventions to help save lives and reduce harm at emergency sites and may provide out-of-hospital care. EMTs also use skills to transport patients safely, perform cardiopulmonary resuscitation (CPR), administer oxygen, manage glucose, and assist patients experiencing asthma attacks or allergic reactions.

Students who successfully complete the program will be eligible for a regents diploma with a technical endorsement and will have the opportunity to test for NYS EMT Certification. Career opportunities include Emergency Medical Technician and Paramedic.

Emergency Medical Technician

PSLA at Fowler CTE Pathway

The Career Field: EMTs are first responders, assessing dangerous situations and stabilizing the sick or injured — all while maintaining patience, understanding and compassion. They work closely with other emergency personnel (fire fighters and police) to provide the best care and transportation for the patients.

Employment of emergency medical technicians (EMTs) is projected to grow 15 percent from 2016 to 2026, much faster than the average for all occupations.

The Program: The EMT program at the Public Service Leadership Academy at Fowler trains students to function independently in a medical emergency and provide pre-hospital care at the scene or during transport.

Upon successful completion of our program, students will:

- Know how to recognize and treat life-threatening emergencies
- Understand the basics for handling cardiac and respiratory arrest, heart attacks, seizures and diabetic emergencies
- Realize how to manage traumatic injuries such as falls, fractures, lacerations and burns
- Have hands-on experience in conducting patient assessment, history and vital signs

Syracuse City School District

Curriculum

- Level 100 – Level 400
 - Integrated credit in ELA and Science
 - Embedded Career and Financial Management
- NYSED Curriculum Requirements
- NYSED Overview of Integrated and Specialized Academic Credits
- NYSED Career and Financial Management Framework

Program Data

B. Program Data			
For schools that are unable to disaggregate the Individual Education Plans (IEP) & 504 data as requested below, the IEP & 504 data can be consolidated and reported together in the second row (IEP data row). Starting in the 2020-2021 school year, programs should have begun collecting disaggregated IEP & 504 data so that data can be reported in future re-approval applications in the manner shown below.			
Please check here if providing consolidated IEP & 504 data and report the consolidated data in the second row (IEP data row). <input type="checkbox"/>			
Coursework	Technical Assessment		Technical Endorsement
How many students have completed the coursework for this program of study since it was last approved or re-approved? Please indicate totals by program year.	Of the total number of students who have completed the coursework, how many students completed the technical assessment used in this program?	Of the total number of students who have completed the technical assessment, how many passed?	How many students received a technical endorsement?

Work-based Learning

SCSD Work-based Learning

Students will be connected with working EMS professionals in the community through guest speakers, Career Coaching, and field trips leading to further opportunities for direct job training and real-world experience. Students will create and maintain a portfolio of their work-based learning experiences throughout the program to document the development of their skills.

- Lt. Joe Fenell, Syracuse Fire Department (Drone & EMT)
- Karen Fabrizio, Dean OCC

NYSED Employability Profile Requirements

Post-Secondary Articulation Agreement

Our Emergency Medical Technician program has an articulation agreement with Onondaga Community College.

Articulation Agreement
between
Syracuse City School District (SCSD)
725 Harrison St, Syracuse, NY
and
Onondaga Community College
4585 West Seneca Turnpike, Syracuse, NY

The signatories of this articulation agreement, Syracuse City School District (SCSD) and Onondaga Community College (OCC), declare their intention to participate in a partnership for the purpose of delivering educational instruction to eligible students. The parties to this agreement have reached the following understanding:

1. Term

The term of this agreement shall be for five years from July 1, 2023 – June 30, 2028 and subject to the following conditions:

- Both parties have the option to extend this Agreement for one (1) additional five-year period giving written notice to the College no later than ninety (90) days prior to the expiration date.

2. Modification and Waiver

No waiver or modifications shall be valid unless it is in writing and signed by OCC and SCSD.

3. Curriculum and Courses

- Students who have enrolled in the Emergency Medical Technician (EMT) program at Syracuse City School District will be eligible to enroll in courses and earn credit for:
 - ENG 103 and ENG 104: Freshman Composition and Literature I and II, subject to an annual Memorandum of Understanding and the identification of an OCC faculty member to teach the course on-premises at the Public Service Leadership Academy; and,
 - CIS 100, Information and Computer Literacy, through the Onondaga Community College, College Credit Now Program, subject to an annual Memorandum of Understanding and the availability of a credentialed high school instructor or an OCC faculty member to teach the course on-premises at the Public Service Leadership Academy.
- Tuition for concurrent enrollment courses will be incurred according to all applicable requirements in place by the State University of New York. For courses taught by Onondaga Community College faculty, the Syracuse City School District will additionally incur the cost set by annual Memorandum of Understanding between SCSD and OCC.
- Students will be assisted in the course registration process by OCC. Students will also be supported in the admission process to Onondaga Community College through a specialized workshop and the Office of Student Recruitment.
